## HILLARY TAKES Round 1

It's been over a week since the first Presidential debate and the results are saying that IUPAT Backed Presidential nominee Hillary Clinton received a post-debate bounce. Leading by only 1-1.5% bouncing to 3-5%-point lead, nationally. Not only do the polls say she won the debate, they also say Presidential hopeful Hillary Clinton is swinging ahead in the swing states. When she was leading by only 1%, that meant she would have to win every state, now with a larger margin she only needs to win a couple swing states. That's a few more paths on her way to victory. According to the polls in New Hampshire, Clinton is up by 7%. Polls in Michigan have Clinton up by 7%. The polls in Florida have Clinton and Trump in a virtual tie, Clinton up by .03%. In Nevada she's up by 6%.

So Mr. Donald Trump, keep telling yourself that the housing collapse was good for business, and that not paying your fair share of taxes makes you smart. According to the New York Times, Mr. Trump declared a \$916 million loss on his 1995 income tax returns and the large tax deduction may have allowed him to avoid paying federal income taxes for up to 18 years. How does this make you qualified to run our country? We need a leader who will fight for all not just the top 1%.

### LETTER FROM THE BUSINESS MANAGER/ SECRETARY TREASURER

Well we are now into the beginning of fall and the final weeks of this year's election season. After a long primary season the candidates are Hillary Clinton and Donald Trump for president of the United States. You should have recently received your IUPAT journal which focuses on that election. Painters District Council Stands United with our international union in endorsing "Hillary Clinton for President". Let me say that I understand that some of our members may disagree. To that I say look past the bar room chatter about making America great again (In my opinion America was always great, is great, and always will be great) and look at the facts of past performance. Mr. Trump has never worried about making his mortgage payment, car payment, feeding his family, nor has he lived pay check to pay check. He has always had his rich father to bail him out of tough finances, and has Paid high priced accountants and lawyers to manipulate his way through multiple bankruptcies at some one else's expense. He has forced numerous companies into bankruptcies because he went back on not only his word but against written contracts with smaller businesses because he knew they could not afford to fight him and his high priced lawyers in court. He has fought unionization in some of his properties because he can "save money" by not giving employees a decent wage and benefits. Donald has manipulated the system and current laws to benefit one person HIMSELF. Look, This guy may be a lot of fun to sit and have a few beers with in a bar or to crack stupid jokes with, but he is far from presidential material.

Now ask yourself do you truly believe he is going to change those same laws and systems that made him millions, while paying little or no taxes himself, to stop benefiting himself and other billionaires! Now with him saying he is looking out for your best interests is Ludacris. His past history says different.

Here in the state of Illinois. This is the first election since Bruce Rauner launched his union busting "Right to Work"- turn around agenda. As of this publication he has poured over \$14 million dollars into the state elections to try to buy your vote. In one state representative race here in the Chicago land area Rauner has contributed so much money to keep his candidate in office, that race is now the highest funded state official race in the nation.

To these rich politicians money is no object. They know if they can buy a race they can make more money in return when they are elected. They will weaken unions, labor laws, environmental and safety regulations. All while paying taxes at a lower tax rate than you and me. We must not let this happen in our state. The only great equalizer to all that money is to vote and encourage your neighbors, your family and your friends to do the same.

Please take a minute to look over the list of candidates we have included in this newsletter and vote for the candidates endorsed for their family / labor voting record and in so doing VOTE FOR YOU AND YOUR FAMILIES FUTURE.

NOTE; Next month's newsletter will include articles on our scholarship fun, young lions food drive, upcoming Local Christmas festivities, female painters initiative and much more.
